For further information on the USA Baseball's Professional and Collegiate National Team selection processes email [play@usabaseball.com](mailto:play@usabaseball.com).

Each year, the 14U National Team Development Program staff will select 18 players to proceed to the current year's 15U National Team trials, and another four (4) to proceed to the following year's 15U National Team Trials.

**NOTE:** All National Team Identification Series (NTIS) events, held every fall, select athletes for the following summer's national team programming. (EX: The 2018 14U NTIS will select athletes to go on to the 2019 15U National Team Trials.)

\* Players may participate in the National Team Championships in either Florida or Arizona.

\*\* At this time, the 16U division is only available at the National Team Championships in Arizona.

Red, white, and blue lines denote the completion of the national team process for that team. Participation in a national team program does not guarantee participation in any future national team programs or events.

Information is subject to change without notice.

**PLAYERS COMING FROM AN IDENTIFICATION EVENT TO THE 12U, 15U, OR 18U NATIONAL TEAMS WILL PARTICIPATE IN NATIONAL TEAM TRIALS, WHICH WILL BE REDUCED DOWN FROM A LARGER POOL OF PLAYERS TO THE FINAL ROSTER FOR INTERNATIONAL PLAY.**
