USA BASEBALL NATIONAL TEAM DEVELOPMENT PROGRAMS

The National Team Development Program will invite up to 40 athletes to the 14U, 16U and 17U age groups to a unique, approximately week-long development opportunity, wherein they will receive instruction from USA Baseball alumni and other sanctioned coaches and instructors. The group of players will participate in competitive intrasquad games. In addition to the instructional opportunity, players will showcase their skills in front of USA Baseball National Team staffs as well as the amateur and professional scouting communities. The program will also cover educational components to provide the athletes with tools that will be helpful for long term development.

The National Team Development Program is NOT a national team and thereby should not be referred to as Team USA. Athletes who participate in the NTDP are not members of Team USA and do not become alumni of the organization. The NTDP is also not a tournament; however, teams will participate in a series of intrasquad games.

USA BASEBALL NATIONAL TEAM IDENTIFICATION SERIES
The USA Baseball National Team Identification Series is the most comprehensive player identification program offered by Team USA. Players from across the country will participate in selection events and tryouts on the regional level with the aim of ultimately being named to their regional team. Those regional teams will then compete in their respective age groups against the 15 other regions from across the country at the USA Baseball National Team Identification Series Champions Cup at the USA Baseball National Training Complex and Thomas Brooks Park in Cary, North Carolina.

The Champions Cup is the annual culminating event of the National Team Identification Series. Sixteen regional teams will attend the Champions Cups where they will compete in a head-to-head tournament, while also being evaluated by national team task force members.
